ICD-10 Is Coming October 1st!

Physician Partners wants to help physicians make a smooth transition to ICD-10. We’ve teamed up with Scripps Health to offer specialty-specific ICD-10 information on our website. Scripps Health is offering on-site and on-line training courses for physicians, some for CME credit. To access the Scripps Health training resources, go to www.INSIDEScripps.org and click on *Physician Resources* for the **ICD-10** link.

Update: CMS announced that they will reimburse physicians for ICD-10 errors within the first year of implementation. You must still use ICD-10 codes on Oct. 1, but if you use the wrong code within the correct code category, you may still be paid.
