Scripps ACO Achieves Qualifying APM Participant Status

Scripps ACO received official word from CMS that they (and their participating providers) achieved Qualifying Provider (QP) status for performance year 2017. You can check your QP status here: <https://data.cms.gov/qplookup#>. Independent physicians must still report ACI information. Contact Eydie Strouse (Strouse.Eydie@scrippshealth.org) or Stacy Pevney (Pevney.Stacy@scrippshealth.org) for more information.

MIPS Reporting

You are exempt from MIPS reporting IF:

- You are a participant in the Scripps ACO in 2017
- You billed \$30,000 or less in Medicare Part B services, or
- You saw 100 or fewer Medicare Part B patients, during 1 of 2 reporting periods.

You do not need to complete a form to receive the exemption. To find out if you're exempt from reporting, go to <https://qpp.cms.gov/>

If you haven't yet started MIPS reporting, you can avoid a penalty by reporting one quality measure for one patient via claims. "[One patient, one measure, no penalty.](#)" is an AMA education program for physicians to help submit reporting for MIPS in 2017. Attend our next MIPS webinar (Wed, Nov. 1) to learn more.

Medicare Annual Enrollment Period

Scripps AMG is marketing the Annual Enrollment Period for Medicare beneficiaries. Please refer your eligible patients with Medicare enrollment questions to our Medicare experts at (888) 380-9070.
