

California Orthopaedic Institute

Is pleased to introduce

Jodi Moore, OTD, OTR/L, CHT

***Occupational Therapist, Certified Hand
Specialist***

California Orthopaedic Institute welcomes Jodi Moore to their Physical & Occupational Therapy Clinic staff! Jodi recently moved to San Diego with her husband from the East Coast. She has 18 years of experience in providing specialty therapy to numerous hand and arm injuries. She is proficient in fabricating custom splints for her patients. Jodi is a member of the American Society of Hand Therapists and active on the Education Division Board. Prior to moving to California, she worked at Duke University and was part of the Hand Transplant team treating North Carolina and Dukes' first hand transplant patient. In 2014, she advanced her degree and received her clinical Doctorate from Rocky Mountain University of Health Professions. For her capstone project, she developed a 12-month curriculum for therapists desiring to become a hand therapist which is currently being implemented at the American Society of Hand Therapists. COI is so happy to have her aboard!
